Shortage of Fuel Causing Migration Of Coast Workers

WASHINGTON, Aug. 15—(UP)—War workers in Oregon and Washington are showing a tendency to migrate to warmed climates because of the threatened fuel shortage, Price Administrator Leon Henderson said yesterday.

At the same time, Henderson authorized OPA directors in those states to establish maximum prices for firewood to insure an adequate supply. He pointed out that many homes in that area are not equipped to burn fuel other than cordwood, slabwood and mill ends.

He said also that because of the war industries in the two states, there is a "substantial threat of a firewood shortage during the coming fall and winter."

3 Fugitives Shot Down in Police Ambush

CHATTANOOGA, Tenn., Aug. 15.—(UP)—An escaped Alabama convict was shot and killed and two others wounded, one fatally wounded in a gun battle here early today which followed the kidnaping of Traffic Patrolman Logan Stroud.

The shooting occurred in a suburban home where the fugitives, identified as three men who escaped last week from the Jasper, Ala., jail, took Stroud and bound and gagged him.

The dead convict was identified by police as K. Jackson, 31, of Mississippi, and the wounded as George K. Mathews, 31, of Kentucky, and Marvin F. Hubbard, 29, Alabama.

Stroud was kidnaped by the trio after he hailed their automobile for a traffic violation. At the home where they took him, the convicts also bound up the three occupants—a father, mother and daughter.

Stroud freed himself and called other officers. The convicts, asleep in their automobile in the yard of the home, heard the sirens of the approaching police cars and attempted to flee.

Red Cross Official Lauds Public Aid Given Fire Victims

Visiting Bremerton yesterday to confer with the Kitsap county Red Cross chapter on problems connected with this week's dormitory fire, E. S. Osborn, state representative of the American Red Cross, expressed praise over the way Bremerton residents cooperated with local officers in providing lodging. "Bremerton should be proud of the way its citizens offered rooms to the men left homeless by the fire. We are grateful for literally hundreds of names," he said.

Chapter assistants will remain on duty at the dormitory for several days, Osborn said, working with the management in assisting the men to recover their belongings.

Japs Dispersed In Sea-Air Action

(Continued From Page 1)

for the Wasp. London said yesterday that the Wasp was not engaged in the Mediterranean action.

On the Russian front, the Germans continued to drive forward in the Caucasus but there were signs that the Soviet diversionary attacks from the far north to the Don region were beginning to trouble the nazis.

SOVIETS MAKE GAINS

The Soviet communiques remained reticent about these attacks, but German reports admitted Soviet advances at various points.

The nazi high command claimed the capture of Georgievsk on the Rostov-Caspian railroad, only 125 miles from Grozny. The Russian communique said the nazis made slight gains northwest and southwest of Stalingrad but claimed that in the Caucasus proper the rate of the German advance is slowing down.

American fighter planes went into action in the middle east, carrying out operations in the Egyptian desert. American bombers have been active in this theater for some time but it was the first report of fighter operations there.

An eastern British Mediterranean fleet squadron carried out a brief but intensive bombardment of the Italian island of Rhodes in the Dodecanese, early Thursday. It was revealed. The bombardment lasted only 12 minutes but great damage was inflicted.

Chapin Foster Takes Public Relations Job

CHEHALIS, Aug. 15.—(UP)—George B. Hayden today became editor-manager of The Chehalis Advocate, one of the oldest weekly newspapers in Washington, succeeding Chapin D. Foster, who stepped out temporarily to become Pacific coast public relations director of the American Forest Products Industries, with offices here.

Foster is also chairman of the state progress commission. He will retain his financial interest in The Advocate.

U. S. Troops Push Gains

These closeup maps of the Solomon Island area shows how marines and other U. S. armed forces are pressing their offensive. American forces are reported: (1) in possession of important Kukum air field; (2) crossing the straits to Malaita, and (3) clearing the Makambo and Gavutu atolls for advance on Tulagi.

MARKETS

STOCK MARKET

NEW YORK—Selective demand for a few issues today featured an otherwise dull, firm stock list. Rails led an irregular rise in bonds. Commodities were narrow movers in the short session.

Stocks opened steady to firm on dull turnover and remained dull through the two-hour trading period.

• • •

STOCK AVERAGES

Sales on the big board were 126,900 shares against 101,100 last Saturday. Curb stock sales were 26,925 against 15,410 last Saturday.

Dow Jones preliminary closing averages were Industrial 106.39, up 0.24; rail, 25.88, up 0.01; utility, 11.48, up 0.03; 65 stocks, 38.42, up 0.07.

• • •

GRAIN MARKET

CHICAGO — Profitable spreading operations with selling of corn against purchase of wheat pressed corn futures to new seasonal lows and firmed the wheat market on the board of trade today. After hitting new lows, corn recovered partially to close with net losses of ⅝ to ¾ cent a bushel. Wheat closed ⅛ to ⅜ higher, oats unchanged to up ¼, rye off ¼ to ½, and soybeans unchanged to off ⅛.

• • •

BUTTER, EGG PRICES

Wholesale butter (Seattle Exchange): 92 score, 43½c; 91 score, 42½c; 90 score, 41½c; 89 score, 40½c. (All up ½c).

Wholesale eggs (U. S. D. A.), cases, whites, large extras, 41c; mediums, 38c (all unchanged).

Interned Japs Give 70 Pints of Blood

TACOMA, Aug. 15.—(UP)—Seventy pints of blood have been added to the Pierce county blood bank as result of donations by Japanese living in the Puyallup assembly center, Dr. N. E. Magnussen, county health officer announced here today.

The donations were taken at the assembly center this week. The Japanese will be evacuated to Idaho during the next two weeks and they were anxious to help before leaving, Dr. Magnussen said.

OBITUARIES

WILLIAM F. KELLEIGH

Claimed by death on Thursday was William F. Kelleigh, 44, who passed away at his home at 209 Shore Drive, in East Bremerton.

A former Bremerton resident, he had moved from this vicinity several years ago and then had returned about a year and a half ago to become employed as a machinist helper in Puget Sound navy yard. He was born in Minneapolis, Minn., on March 4, 1898.

Kelleigh's wife, Anna L., resides at the family home with her daughters, Louise A. and Marian E. Other survivors include two sons, William F., U. S. army, and Leroy J., U. S. navy; mother, Mrs. E. T. Cain, former Bremerton resident now living in San Diego; brother, Walter S., of San Diego.

Funeral services will be held Tuesday at 2 p. m. at the Lewis chapel with Rev. Martindale Woods officiating. Interment will follow at Forest Lawn cemetery.

KERKES SERVICES

Monday at 2 o'clock is the time set for funeral services for Mrs. J. N. Kerkes, who died Thursday at the Bremerton Private hospital. Rites will be conducted at Pendleton funeral parlor and interment will be held at the Port Orchard K. of P. cemetery.

Mrs. Kerkes had resided with her husband at Rt. 3, Box 378, Port Orchard, and was born March 13, 1913, in Mandan, N. D. In addition to Mr. Kerkes, who resides in Port Orchard, other survivors are in South Dakota.

Labor Panel Gives Raise to GM Workers

WASHINGTON, Aug. 15.—(UP)—A war labor board panel, in a 2-to-1 vote with the employer representative dissenting, today recommended a five cents an hour pay increase, a union security shop and other concessions for 225,000 General Motors Corp. employes who sought a $1-a-day pay raise.

The panel proposed a flat increase of 4½ cents an hour as a "cost of living adjustment," plus an additional 3½ cents an hour to equalize wage rates "throughout all General Motors plants with the rates for comparable operations throughout Ford plants."

Other recommendations handed down by the panel, which took over the General Motors dispute April 27 on certification from the labor department, included vacations, a 10 per cent bonus for night workers and a minimum of three hours work for call-ins after regular working hours.

In addition, the panel recommended that all wage provisions be made retroactive to April 28.

It could not be determined immediately to what extent the panel's recommendations—if they are accepted by the full board—would affect the future wage and work status of the 115,000 employes of the Ford Motor Co. and 85,000 employes of Chrysler Co.

Last Tent Meeting Set Sunday Night

The closing service of the tent meetings at 12th st. and Stuart ave., will be in the form of a rousing camp meeting with singing of the old hymns of the church Sunday evening at 7:30. Soloist will be Miss Francis Baker. The evening message, "Awake America, Thou Slumbering Giant," will be given by the Rev. Karl Leonard, pastor of the Assembly of God.

'Yellow Dog' Gets Help—And Ride Home With Police

It was no case for the humane society, regardless of first indications.

Police, receiving a call that there was "a yellow dog, laying sick" in the 1000 block of 6th st. yesterday, went to the scene, figuring that they could dispose of the animal or locate its owner without calling the poundmaster.

But all they found was an inebriated gentleman, taking a snooze after being unable to navigate further under his own power. Some resident to whom drunkenness is extraordinarily revolting, had called police, reporting the inebriate as a "yellow dog."

The "dog," glad to be awakened and given aid, and not in the least incorrigible, was returned to his home by the officers.

Teamsters' Ladies And Kiddies Hold Picnic Wednesday

Wives of Teamsters and their children will have an outing next Wednesday, when an all-day picnic will be held at Evergreen city park for the ladies and their offspring.

Food will be served and games will be organized, and a good time is assured all who attend.

The Teamsters union announced today that it will forego its regular picnic at Horsehoe lake this year in the interests of conserving tires. In its stead, a 28th anniversary party will be held Sept. 13.

War Worker Drowns

SEATTLE, Aug. 15.—(UP)—Melvin Erickson, 54-year-old Boeing Aircraft Co. worker from Montana, drowned in Green lake late yesterday while swimming with a party of friends.

PRESBYTERIAN CLUB

There will be no meeting of the Presbyterian Guild this month, it was announced today. Next meeting will be Monday evening, Sept. 21.

Believe Pair Leaped From Aurora Bridge

SEATTLE, Aug. 15.—(UP)—Police and harbor patrolmen today searched for the bodies of two believed suicide victims — a man and a woman—thought to have made separate leaps from the Aurora bridge.

The woman was Mrs. Jennie Phillips, 58, patient in a local nursing home, who has been missing since late Thursday. A hat, coat and a note indicating suicide intent were found on the bridge shortly after midnight.

After a fruitless search for further evidence, harbor patrolmen returned to the scene today when Earl Klamm reported while en route to work he saw a man leap from the span.

Germans Executing Innocent Dutchmen

LONDON, Aug. 15.—(UP)—The Dutch government announced today that Germans had begun reprisal slayings of hostages on orders of Gen. Friedrich Christiansen, German military commander for The Netherlands.

The spokesman said information indicated that the Germans had thus far refrained from shooting more than five of the 1,600 hostages they hold, only because they believed that the Dutch patriots who wrecked a German troop train near Rotterdam Aug. 7 might be apprehended within the next 48 hours.

The spokesman believed, however, that there would be other executions within the next few days.
