Rid your house of moths with Southern Red Cedar Shavings, 5c per sack. Horine Lumber Co. Main 1781. 80c38

CARD OF THANKS

We wish to express our sincere thanks to our neighbors and friends, to Rev. Father Lammes, to those who donated floral offerings, those furnishing automobiles and those who assisted in any way at the death of our beloved daughter, Edna Louise. Mr. and Mrs. Louis Mullenhouse

FINED HERE ON TRUCK CHARGE

Alvin Pond, Cleveland, was arrested here by J. S. Link, city patrolman, at the request of a state inspector, for alleged driving of a truck without a chauffeur's license. He was fined \$15 and costs by Mayor W. H. Taylor.

Nazi Regime Moves To Stamp Out Party

BERLIN, May 10 (INS) — While thousands of German students prepared for a giant book-burning demonstration against "Marxism," the Nazi regime of Chancellor Adolf Hitler moved today to stamp out the remnants of the Social Democratic party.

The Attorney General ordered confiscation of all property belonging to the party and to the Reichs banner, militant Republican organization.

Proposes Duel But Draws Arrest

LOS ANGELES, Calif., May 10 (INS) — Recalling the pioneer days of California when differences among men were often settled in pistol duels, W. P. Blake, 53, an inventor, challenged Herman Miller, his attorney to a duel.

Blake claimed Miller had failed to obtain a patent for an invention on a method of making honeycombs from cellophane. Blake is a bee-keeper.

The inventor was arrested under a statute nearly 100 years old, which forbids duelling.

SIX TEACHING CERTIFICATES ARE GRANTED

Six certificates to teach in Allen county were issued Tuesday in the office of U. M. Shappell, Allen county superintendent of schools. The board completed its work of grading papers late Monday. The tests were given Saturday.

Those who received certificates were: Marguerite Moyer, three-year certificate; Noah O. Shenk, Mavecella Basinger and Laura Troyer, all one-year certificates. Wendel Crider and Helen Post received three year certificates.

COUNCIL FAVORS IMPROVEMENT AT WATERWORKS

Electrification of Waterworks Plant of City and Installation of Water Softening System Favored at Meeting of Council Tuesday Night — Money to be Secured from R. F. C., According to Plan Proposed.

A project for electrifying the Delphos waterworks plant and also for the softening of the city water, was favored by the members of the city council at a meeting which was held Tuesday night.

City Solicitor R. A. Lindemann presented this matter to council, telling the members of that body that he had learned that it would be possible for the city to secure money for this project from the Reconstruction Finance Corporation at a rate of approximately 3 percent and that the money could be repaid over a period of forty years. He suggested that the period for repaying this be made twenty-five years. He stated that this action would be in accordance with the desires of the President who has urged that money from the R. F. C. be used for making of needed improvements at this time in order that as much employment as possible be afforded to assist in bringing to an end the period of depression.

B. F. Hatch, of the state department of health, was present at the meeting and addressed the members of Council, urging the making of the improvement. He also stated that the money can be secured from the Reconstruction Finance Corporation on the favorable terms named.

Each project for which money from this source is to be used must be self-liquidating. The repayment would be from the earnings of the plant and would not necessitate the issuance of bonds nor additional taxes, it is explained.

The state department of health is acting in this matter as representative of the Relief Commission, F. H. Waring, chief engineer of the health department being a member of the Works Project Relief commission.

Mr. Hatch explained the benefits that would come to Delphos from the health standpoint as a result of the installation of a water softening system for the city waterworks. This system would remove mineral matter, sulphur, iron lime, etc., from the water; would do away with all odor from the water; would prevent stains which now are caused by the iron in the water, etc.

George A. Reese, Canton, engineer whom the city employed some time back to make a survey of the local water system, told council of economies which would be effected by the installation of the new system and gave probable cost of installation.

He stated that the water of Delphos, while of better quality than that in many cities, is one of the "hardest" in the state, that the lime content of the water here totals 1600 pounds in the quantity of water pumped daily at the local plant. This means that 292 tons of lime are

pumped with the water each year. Mr. Reese estimated that installation of the water softening system would effect a saving of \$24,000 a year for the people of Delphos. This economy would be effected in various ways: saving in soap used in the softened water; as compared with that used in the present city water; saving in clothing materials as result of the effect of the softened water; saving for home water system which now become lined from the city water; saving to automobiles radiators for the same reason. Cisterns would no longer be needed in Delphos, it was explained, when a city water softening system is installed. This water also would be much cleaner than is any cistern water.

The probable cost of the installation of the water softening system and the electrification of the plant was estimated by Mr. Reese at \$55,000.

This money would be procured by the city, as stated above, from the Reconstruction Finance Corporation. Other cities in Ohio are using or contemplating using this method for financing public works which have been held back by lack of money. Van Wert and Bowling Green are contemplating securing money from the R. F. C. for installation of sewage disposal plants. Cincinnati and other cities are planning water projects to be paid for in the same manner.

After some debate and a thorough discussion council passed a resolution authorizing and directing the city service director to employ an engineer to complete the data and plans for the installation of the suggested water softening equipment.

Council also passed an additional resolution authorizing City Solicitor R. A. Lindemann to make application to the Reconstruction Finance Corporation for this loan and to present plans and the necessary data to that body to secure the needed loan.

The monthly report of the mayor was received at this meeting showing the collection of the sum of \$8.00 during the month of April.

NUPTIALS ARE HELD AT DETROIT ON WEDNESDAY

Wedding of Miss Gertrude Lauer, of Toledo, and Formerly of Ottoville, and Leo Hoffman, of Monroe, Michigan, is Solemnized Wednesday Morning — Mr. and Mrs. Hoffman to Live in Monroe, Michigan.

Miss Gertrude Lauer, of Toledo, daughter of Mr. and Mrs. Nick Lauer, of Ottoville, was united in marriage to Leo Hoffman, of Monroe, Michigan, son of Mrs. William Hoffman, of Maybee, Michigan, in a quiet ceremony performed at the Holy Redeemed Catholic Church in Detroit Michigan, Wednesday morning at 9:00 o'clock.

Miss Luc Lauer, of Ottoville, was her sister's only attendant and John Hoffman, of Monroe, Michigan, the groom's brother, acted as the best man.

The bride wore a charming frock of poudre blue crepe with a pretty tan turban, tan pumps and tan gloves. She wore a corsage. Her attendant wore a frock of par-hamant crepe, fashioned similar to that of the bride. Her accessories were tan and she also wore a corsage.

A wedding breakfast for the bridal party was served at the Book-Cadillac hotel in Detroit following the ceremony.

Mr. and Mrs. Hoffman left on a wedding trip through northern Michigan and Canada. They will return in a week. For the trip, Mrs. Hoffman wore a blue ensemble.

Mrs. Hoffman has been employed as secretary to C. J. Files, of the Village Farm Dairy at Toledo. Mr. Hoffman is the Monroe County Clerk.

They will be at home at 475 Godfray street, Monroe, Michigan.

EAGLES DECIDE TO HAVE PARADE HERE SUNDAY

Definite Arrangements Made for Big Parade to Precede Mother's Day Program — Latter to be Held at Jefferson Auditorium Instead of Eagles Rooms Because of Large Number Expected to Attend — Lima Eagles to Participate.

Definite arrangements have been completed by the officers of Delphos Aerie, F. O. E., for a parade to be staged on connection with the Mother's Day observance scheduled to be held by the local Aerie Sunday afternoon.

The parade will precede the program arranged for the day and will be a big affair. It will include Delphos and Lima Eagles and the large attendance which it will now bring has made necessary a change in the place for holding the program. The Jefferson auditorium has been secured for this purpose.

The parade will start from the Eagles rooms at 2:00 o'clock. It will be headed by the Delphos Eagles band. The Delphos drill team and the local marching club will also be in line.

Lima Eagles have decided to join with the Delphos Aerie in the celebration and will bring their drill team and marching club to participate in the parade. The Lima drill team will present an exhibition drill.

The general public is invited to participate in the observance at the Jefferson auditorium and to witness the parade.

COMMENCEMENT EXERCISES AT HOAGLIN-JACKSON

The baccalaureate service of Hoaglin-Jackson school will be held Sunday evening, May 21, at 8 o'clock in the school auditorium. The speaker will be Rev. V. H. Allman, of Van Wert.

The commencement exercises will be held Thursday evening May 25, at 8 o'clock. The program is as follows:

NAPOLEON MAN NAMED FOREMAN FOR THE CANAL

F. E. Walker, Napoleon, has been appointed as canal foreman for the section of the Miami and Erie canal from Grand Rapids to Spencerville. The appointment was made to fill the vacancy created by the death of W. J. Alexander. Mr. Walker was a Delphos Wednesday on business in connection with his new work.

Henry A. Lang will continue in the state services as in the past and will have the same duties on canal work here as he did when Mr. Alexander was in charge.

CONVOY GIRL FIRST IN DISTRICT TEST OF SCHOLARSHIP

Miss Jeanne Long, daughter of Mrs. Cleo Long, of Convey, won first place in the girls' section of the district scholarship tests given last Saturday at Bowling Green it was announced Sunday by C. L. Shaffer, county superintendent of schools.

Miss Long is a senior at Tully-Convey High School and represented Van Wert county in the general scholarship test. She competed with other girls from 22 counties in northwestern Ohio.

Sweden King Wins Battle with Age

PARIS, May, 10 (INS) — Kings may totter but popular Gustave V of Sweden seems to go on forever. For more years than the oldest inhabitant can remember he has been wintering on the Riviera where he spends most of the day indulging in his favorite sport of tennis. After-dark functions too, found him fit and ready for amusement.

Arriving in Paris on his way homeward, the royal visitor, 75 years old, went straight to the tennis courts in the Bois de Boulogne and had a fine battle with Jean Borotra, famous Basque. He played in a soft gray hat pulled well down over his eyes, white shirt and gray Oxford bags.

MOTHER'S DAY IS OBSERVED BY KIWANIAN

Special Mother's Day Program Feature of Weekly Meeting of Club at Beckman Hotel Tuesday Night when Members of Club Entertain Their Ladies.

The members of the Delphos Kiwanis Club with their ladies and a number of invited guests enjoyed an unusual and very entertaining program Tuesday evening in commemoration of Mother's Day.

A. H. Jettinghoff, president of the club, presided at the meeting and extended a hearty welcome to the ladies and other guests.

Mrs. Anna Roberts Davies, of Gomer, who had favored the club on a number of former occasions, sang four selections in her usual pleasing manner. She was accompanied at the piano by Mrs. W. L. Carter.

Rev. S. M. Davidian, of Lima, was the speaker of the evening. He delivered a most interesting and entertaining address. He related a number of his humorous experiences and followed with a tribute to the mothers of our land.

In 1914 congress gave us Mother's Day, to be celebrated annually on the Second Sunday in May. The

speaker said that this day has a more universal appeal than any other day now observed. He said that the observance of the day should not be made a matter of mere sentiment. There is a spiritual reason for its observance. Motherhood is the greatest expression of divine love that the world knows. He referred to the fact that the mother of President Roosevelt is still living and that we are fortunate in having not only a first lady but also a first mother of the land. The address was of exceptional interest and was highly appreciated by all present.

Vern C. Hosselman, of Lima, Lieutenant Governor of the First Division, was a guest at the meeting.

E. O. Steidle, acted as chairman of the entertainment committee and introduced those who took part in the program.

Club singing was under the leadership of Dr. G. K. Miller.

President Jettinghoff commented on the fact that Mrs. Felix Steidle, mother of two of the members of the club, W. J. Steidle and E. O. Steidle, was a guest at the meeting.

There was a good attendance of Kiwanians and ladies and the meeting was a most successful one in every way.

Six Reforestation Camps are Started

COLUMBUS, O., May 10 (INS) — Preparations were started today to make ready six reforestation camps in Ohio to employ recruits in the Federal Conservation Corps.
