U.W. Professor's Symphony To Highlight School Concert

Highlighted by the playing of the Symphonic Miniature by the orchestra, the Bremerton high school music department concert Friday evening presents a well selected program for Bremerton music lovers.

Symphonic Miniature was composed by George McKay, associate professor, music department of the University of Washington. One of the renowned musicians in the northwest, McKay's works for orchestra have been performed by leading symphonies throughout the nation and his compositions have on several occasions been honored in national competition.

The Symphonic Miniature, one of Prof. McKay's most recent works for school orchestras, was selected by Sir Thomas Beecham as one of the numbers played at a recent concert of the Seattle Symphony. It is, as with others in McKay's list of works, colorful in its harmonic and rhythmic texture and yet maintains a rather simple melodic form of the early songs of the west. McKay will be here tomorrow evening to hear the performance.

Directors in charge of Friday night's concert are Richard Berg for choir, orchestra and band, and Miss Alice Post for Girls' Glee club.

Service men and their ladies will be admitted free.

The program:

I

Ode to the Homeland ..... Cain
Combined chorus and orchestra
While Shepherds Watched Their Flocks by Night ..... Wild
On This Good Christmas Morn ..... Cain
Silent Night ..... Gruber
A Cappella Choir

Clarinet trio, Alan Froelich, Virgil Carlson, James Hermanson
El Guarany ..... Gomez
Calisthenics ..... Bennett
Drum solo, Charles Jones
White Christmas ..... Berlin
Band

The government will purchase all stocks of shellac.

Hoover Urges 2 Stages of Peace-Making

CHICAGO, Dec. 17. — (UP)—Former President Herbert Hoover proposed last night that the United Nations agree now to eliminate an armistice after victory and impose instead a "conditional peace" to be followed by a cooling off period before a permanent "people's peace" is written.

Mr. Hoover, in an address delivered before the Chicago Executives club, said the essence of his proposals was to divide peace making into two stages.

"The first to be an instant 'conditional peace' that will turn the world toward political, economic and spiritual recovery without the delays of last time," he said. "And then that the world should take time to cool off and work out one by one and separately the solutions for lasting peace."

To do this, Mr. Hoover believed, the United Nations must agree in advance to the terms of the conditional peace and a subsequent program.

"They will need to impose the conditional peace and enforce it," he said. "Enforcement will not be difficult for immediately at the victory the enemy will obviously be required to surrender his arms."

Mr. Hoover said the declaration of conditional peace should embrace at least six points. He listed them:

1. Disarmament of the enemy.
2. Designation of provisional national boundaries.
3. Machinery for repatriation of prisoners and civilians.
4. Removal of the economic blockade at the instant of surrender.
5. Immediate organization to combat famine and pestilence and aid in reconstruction.
6. Provisional restoration of all commercial treaties.

Fleet Reserve Sets Party Friday Night

Announcement was made today that the Fleet Reserve Association, Branch No. 9, and ladies' auxiliary will convene in monthly meeting Friday at 8 o'clock at the I. O. O. F. hall, West Bremerton. All members are urged to attend, as the ladies have arranged a Christmas party for the evening. The meeting was ordered postponed earlier this week, but arrangements were made today to permit it to be held as scheduled, Fleet Reserve officers said.

Retribution Pledged for Nazi Brutality

WASHINGTON, Dec. 17. — (UP)—Eleven of the United Nations and the French national committee today condemned Germany's "bestial policy" of Jewish extermination and resolved that those responsible for such crimes shall not escape retribution.

The statement was endorsed by the Belgian, Czechoslovak, Greek, Luxemburg, Netherlands, Norwegian, Polish, Soviet, United Kingdom, United States and Jugoslav governments and the Fighting French. Other United Nations are expected to subscribe to it later.

(British Foreign Secretary Anthony Eden read the allied statement in the house of commons at London, and the Moscow radio broadcast it as from the Russian bureau of information.)

The denunciation supplements a previous pledge by President Roosevelt and Prime Minister Winston Churchill to punish axis officials guilty of killing hostages and other offenses.

The statement on Jewish oppression accused German authorities of "carrying into effect Hitler's oft repeated intention to exterminate the Jewish people in Europe." It charged that Jews are being transported from occupied countries "in conditions of appalling horror and brutality"; that Polish ghettos are being "systematically emptied"; that the able-bodied are being worked to death in labor camps, and that the infirm are left to die or are deliberately massacred.

Grand Jury Declines To Prosecute Draft Evaders Over 38

SEATTLE, Dec. 17.—(UP)—A federal grand jury yesterday returned indictments against 15 persons, including a soldier who allegedly forged and cashed officers' paychecks and an alien charged with attempting to gain permission to visit Alaska.

The jury also returned no-true bills in the cases of 12 men charged with violation of selective service regulations. The men included those who were above the age of 39 and exempted from draft service under a recent presidential order. They were arrested before the order became effective.

The jury charged Francis P. Victor cashed paychecks of two officers amounting to $1,700 and set his bond at $2,000. Kurt George Bollinger was charged with representing himself as an American citizen to obtain a permit to travel in Alaska.

Milk Price Raise In 4 Cities Okehed

SEATTLE, Dec. 17. — (UP) — The Office of Price Administration today authorized a price rise of one cent a quart on retail milk in several Washington cities. The new scale of milk prices was ordered to help correct inequalities between competing areas within the state and bordering states.

Prices were changed from 12 to 13 cents a quart in Anacortes, Spokane, Takima and Pullman.

Also, OPA granted distributors in the Seattle area a price increase ranging from 5 to 20 cents a gallon for cream, depending on butterfat content.

Army Man Jailed

Robert Kersh, 26, U. S. army, was arrested Wednesday by county officers on a charge of taking an automobile without the owner's permission. Kersh was placed in the county jail to await court hearing.

Policeman Mistaken For Prowler, Shot By Aged Rifleman

SEATTLE, Dec. 17.—(UP)—Patrolman N. L. Sweeney, 33, was wounded in the arm early today by an 85-year-old rifleman who thought the officer was a prowler trying to molest his sister, Miss Nettie Grey, 82.

Prior to the shooting a man in a dark overcoat entered the home of C. H. Grey and scuffled with his sister. Their cries aroused neighbors who called police.

Patrolman Sweeney and T. H. Magnuson answered the call and when they pounded on the door Grey said he thought the prowler had returned, so he opened fire with a .22 caliber rifle. A bullet struck Sweeney in the arm, possibly breaking the bone. Grey was released.

2 Cans of Gasoline Burn; Man Perishes

THE DALLES, Ore., Dec. 17.—(UP) — James W. Anderson of Gaston, driving a car owned by C. E. Feldman of Madras, was fatally burned yesterday when two five-gallon tins of gasoline burst into flame as the car overturned on a hairpin turn.

Anderson's body was so badly charred police were unable to identify him immediately.

The total volume of the new all-purpose ration books would fill 128 freight cars.
