Furious Battle Raging at Gates of City

Nazi Troops Also Make New Drive In Crimean Area

By JOE ALEX MORRIS
United Press Foreign News Editor
Battles raged without definite advantage to either side at Leningrad and at the gateway to the Russian Crimea today.
The Red army steadily increased German pressure against Leningrad as Adolf Hitler threw more and more dive bombers, artillery and storm troops into the conflict. But Moscow dispatches that the Soviet forces were making a stand on several sectors of the Russian counter-attacks with infantry, tanks, armored trains and cavalry had pushed back the enemy—as much as six miles in one sector.
Both sides admitted the most intense fighting and the highest casualties, without claiming any definite change in progress of the battle generally. Nazi spokesmen said the Germans had broken the back of the outlying Russian land and naval garrisons but that the inner fortress of Leningrad was fighting heroically.
GREATEST PRESSURE
Moscow dispatches told of important local successes on unnamed sectors, but admitted the Germans were throwing in reinforcements to keep up the greatest pressure.

Sabotage, Unrest Spreads In German-Occupied Areas

Woman Uses Gun in Attempt To End Life

By UNITED PRESS
The uneasy rule of Nazi troops over occupied Europe was marred today by spreading sabotage, unrest and a flare-up of extensive guerrilla activity in the Balkans.
Bulsaup reported that 12,000 Serbians of the Chetnik organization have fought a pitched battle against German regulars, Stuka planes and Serbian troops of the pro-Nazi premier, Gen. Milan Nedic.
Dispatches of the official D.N.B. German news agency admitted the fighting in Jugoslavia but claimed it was on a small scale and that German troops with the assistance of Nazi regulars and the remnants of Nazi garrisons had brought the situation under control.
Nazi troops were reported to be attacking Communist gangs for the uprising.
NORWAY TENSE
News of the withdrawal of the joint force of establishment of the military by the Germans and the pro-Nazi following of Maj. Vidkun Quisling. Quisling organization men were ordered to stand by for the German army. Nazi Norwegian attempted demonstrations.

Dodgers Beat Braves as Cardinals Lose

Whitlow Wyatt Pitches Shutout To Nail Down Flag

BOSTON, Sept. 25.—(UP)—The Boston Dodgers won their first National league pennant in 21 years today when they defeated the Boston Braves, 5 to 0, and St. Louis Cardinals lost to the Pittsburgh Pirates, 3 to 1.
Brooklyn's victory put the Dodgers two and a half games in the lead in a weird, baseball-less season that was interrupted by a strike.
The Pirates defeated the Cardinals and their remaining two and Brooklyn still will finish in first place.
The Dodgers will meet the New York Yankees in the World series, starting Wednesday at Yankee Stadium.
True to their tradition of getting into an acerbic mood, the Dodgers reached the promised land today in a weird, baseball-less season that was interrupted by a strike.
The Pirates defeated the Cardinals and their remaining two and Brooklyn still will finish in first place.
The Dodgers will meet the New York Yankees in the World series, starting Wednesday at Yankee Stadium.

Flames Shoot Half Mile High As Oil Plant Burns

U. S. Navy Aid Cuts Britain's Losses at Sea

As big gasoline drums exploded and flames and smoke billowed half-a-mile high, fire swept a portion of Hessland's 700-acre plant at Welling, Ind. Federal bureau of investigation agents are investigating the blaze which lasted nearly six hours before fire fighters got it under control. Above, the blazing refinery.

U. S. Navy Aid Cuts Britain's Losses at Sea

Sen. McKellar's Bill Asks Repeal Of Neutrality Act

WASHINGTON, Sept. 25.—(UP)—Sen. Kenneth McKellar, Dem., Tenn., today introduced a bill to repeal the neutrality act, which he termed a "mistake."
McKellar told the senate he had two chief reasons for seeking repeal of the act.
"We made a mistake in passing the act, as it has done us no good and only cost us money," he said.
"The act has interfered with our policy of freedom of the seas which we have pursued for more than 100 years and for which we fought two wars."
This was the first bill to be introduced in congress bearing on the administration's American committee members said that the neutrality act so that American merchant ships can be armed and, perhaps, can carry war cargoes to the British Isles.
"ENRAGED IN PACIFIC"
McKellar, speaking only briefly on his bill, also mentioned that he had been adhered to in the Atlantic and disregarded in the Pacific. He apparently referred to the U. S. government's failure to invade the act in the conflict between Japan and China.
Meanwhile, house appropriations committee members said that Admiral Harold R. Stark, chief of naval operations, had testified during hearings on the new \$58,000,000 lend-lease appropriation that north Atlantic shipping losses had been reduced materially during the last 60 days—the period of increased American naval activity in the area.

Morgenthau Tax Plan Made Ready For the Congress
WASHINGTON, Sept. 25.—(UP)—Secretary of Treasury Henry Morgenthau Jr., asserting that the profit motive must be eliminated from this nation's defense effort, told a press conference today that treasury experts had started drafting a bill to carry out his plan to limit corporation profits to 6 per cent for the duration of the emergency.
Morgenthau suggested his 6 per cent limitation of profit yesterday in testimony before the house banking and currency committee on price control legislation.
"He said today that his staff of financial and legal experts had started work drafting proposed legislation to carry out the 6 per cent plan 'so that if and when congress wants it, we will have it laid in legal form.'
Morgenthau said he had studied the 6 per cent plan for some months and had suggested it yesterday because "the complicity of this country called for something like this from me."
"I have been wanting to say for some time that we ought to remove the profit motive in war—eliminate it completely," he said in reiterating his belief that by limiting corporation profits to 6 per cent their investment capital, an inflationary trend in the national economy would be headed off and all business would contribute to the national defense program.
Asked if he thought big business would go along with his plan, Morgenthau replied:
"I think big business is as patriotic as anyone, and I think they will cooperate."

Strike Action Due to Close S. F. Stores

SAN FRANCISCO, Sept. 25.—(UP)—Strike action by eight A. F. L. unions was imminent against the city's largest department stores today.
The unions have been given strike sanction by the San Francisco labor council but it was held no action would be taken until tomorrow pending conference with officials of other A. F. L. unions indirectly affected.
Principal union in the strike move is the Retail Department Store Employees' union, representing several thousand clerks. They are demanding a union shop and a 44 weekly wage increase.
Other unions joining in the strike threat are the elevator operators, building services, employees, four culinary crafts—cooks, waiters, waitresses and miscellaneous workers, and bartenders.
"E" Markings On Warship Stacks To Be Eliminated
Washes of the U. S. fleet today were ordered to paint out their previous "E" markings on gun barrels and smokestacks for excellence in gunnery and security.
The navy said the move would be a step toward security.
Heretofore the "E" marks will be painted only on the inside of barrels and under the decks, out of sight.
He was quoted as saying that the navy is "convoying plenty of ships and making no bones about it."

Woman Uses Gun in Attempt To End Life

Mrs. Mabel Lewis, 34, wife of Harold Lewis, former Port Gamble labor leader, was transferred to a county hospital in Seattle today, suffering from a self-inflicted gunshot wound.
Mrs. Lewis, according to the Kitsap county sheriff's office, attempted suicide in her Squamish home early yesterday morning. The bullet entered under her left breast and was believed to be lodged in her spine.
The woman, in ill health the past year, had been sleeping in a downstairs bedroom. Sleeping upstairs were Miss Ann Posten, who had been taking care of the two boys, a 12-year-old boy and a five-year-old girl, also sleeping on the second floor.
About 7 o'clock yesterday morning, the boy went downstairs to find his mother in bed, calling for "Ann" to come down. When Miss Posten entered her left breast and was believed to be lodged in her spine.

11 of 12 Ships in Convoy Sunk—Berlin

BERLIN, Sept. 25.—(UP)—The high command said today that submarines operating west of Africa had sunk 11 ships totaling 78,000 tons from a convoy of 12 vessels proceeding to England under destroyer protection.
In London, authoritative British quarters said today there was no knowledge of the report. "Apparently it is another German fantasy," it was said.

Budget Anticipates Thriving Business for City Utilities

A comparison of the 1942 municipal budget with that for the current year shows increases in appropriations for all except sewer departments and funds.
Departments and funds which show decreased appropriations for 1942 include the following: City engineer, city hall, planning commission, L. D. B. guaranty fund, Bremerton L. D. B. sinking fund, Charleston L. D. B. sinking fund and community fund.
The planning commission appropriation, \$2,377,500 in 1941, was trimmed to \$800 next year. This amount covers the salary of the planning commission's executive officers.
A thriving business by city utilities is forecast in the 1942 budget, judging by a survey of anticipated revenues.
Receipts from anticipated receipts from sources other than:

Bubar Denies He Saw Logs Taken Off School Land

County Assessor Douglas Bubar, preparing appeal of Kitsap county's \$100 judgment against him in the state supreme court, today emphatically denied reports he had watched school timber be stolen from property adjacent to a plot which he presumably believed to be school land.
"I never saw a single log being taken off the school lands," he said. "Not until a few days ago, when the property was surveyed, and I saw that some of the timber had been taken from school lands."
Bubar, in a judgment handed down yesterday in superior court, lost title to a tract of property he had purchased from the county. This was returned to the county. The judge held that Bubar was not guilty of actual fraud in the transaction, but said he had found Bubar had violated public policy.
Lindberghs Called 'Threat to Unity'
PORTLAND, Sept. 25.—(UP)—Charles A. Lindbergh and his wife Anne, are two of the greatest threats to American unity, Justice James T. Brand of the Oregon supreme court, told the B'nai B'rith convention here today.
Justice Brand said the Lindberghs were impressed by Nazi propaganda after the loss of their son in America. He said they were sincere, but they are wrong.
Brand's denunciation of the Lindberghs was a dig from his scheduled speech on the Constitution.
